MAIN WORDING

You can use this card for whatever you would like, but small enclosure cards are often used for wedding reception information, such as venue, timings, and dress-code, which may not have been detailed on the main invitation.

Please add paragraph breaks as necessary, and you can add any sub-headings (such as "Location") by typing all in uppercase on its own line. You have space for approximately 50 words with paragraphs and headings—but we'll let you know if what you want included won't fit.
